The thoughtfully designed 4,280 square foot Norton floor plan encompasses 5 bedrooms, 4.25 bathrooms, a generously-sized third level recreation room, a spacious covered patio with a fireplace, and more!

The Norton floor plan offers an excellent combination of style and convenience. Those who enjoy entertaining will love the offerings of this home, whether it be the large kitchen island with counter seating space, the casual eating nook, or the elegant beamed ceiling dining room. You also have the option to bring the entertainment outside to the covered patio, which offers an impressive fireplace.

The relaxing great room boasts an impressive natural-gas fireplace and seating area. Additionally on the main level of this home is the 5th bedroom, that could easily be utilized as a private den.

On the second level of the home, you'll find your favorite room, the master suite. The 5-piece spa-inspired master bathroom offers a standalone shower as well as a soaking tub. The master walk-in closet features an abundant amount of space.

Additionally, on the second level, you'll find the home's 3 additional bedrooms, with one having its own bathroom and the other two sharing a Jack-and-Jill bathroom. All of the bedrooms on the second level include their own walk-in closets. The conveniently located laundry room can also be found on this floor.

On the third level of this home is the spacious rec room with its own convenient powder bathroom and storage space.
